Physiotherapy College with annual intake of 30 students has started under the New Civil Hospital, Surat, with its separate college building and hostel facility. The ART center of this hospital is awarded the Best ART center in the state serving maximum number of patients with its allied PNC Clinic and STI Clinic.

It is a privilege to welcome the incoming batch of 2026-27. By choosing the path of medicine, you have committed yourself to one of the most noble, challenging, and rewarding professions in the world. You are entering healthcare during a transformative era of technology and research. Embrace these advancements, look after your own physical and mental well-being, and support your peers. Our entire clinical faculty and hospital staff are here to guide you every step of the way.

Dr. Parul Vadgama

New Civil Hospital, Surat

With the objective of "Patient First", below mentioned are the work done by the Medical Superintendent and her team under the guidance of Health Minister over the last 4 months to improve patient-centric services:

1. Facilities in the post-mortem room were enhanced. Seating arrangements and water cooler facilities for relatives were increased, and the number of cold storage units was also increased by four.
2. Under the guidance of the Honourable Health Minister, the foundation laying ceremony (Bhoomi Pujan) for the new post-mortem building to be constructed at an approximate cost of ₹3.60 crores was performed on 30-05-2026.
3. To improve the quality of patient care 80 wheelchairs, 100 stretchers, and 400 seating arrangements were set up.
4. To resolve the difficulties faced by patients regarding transportation from one building to another, eight new electric vehicles were received from KP group and Colortex.
5. As per UNICEF guidelines, the DEIC centre has been shifted to the same building as of the Paediatric OPD.
6. Sonography machines and 2D ECHO machines were placed in the Gynaecology and Paediatric wards to provide expedited treatment to patients.
7. To prevent the abduction of newborns, a RFID tagging system was made operational in the NICU.
8. QR Scan & Payment facility was made available at all case counters, billing desks, laboratory desks and radiology desks creating a total of 14 service desks for better care of patients.
9. To maintain precautions against Ebola- arrangement for a separate ambulance, case counter, OPD, elevator, and separate ward were made in the Stem Cell building.
10. 100 successful organ donations were carried out including 174 kidneys, 12 hearts, 79 livers, and 9 hands totalling 329 organ donations. Among
11. these the rapid and successful transports of a heart from Surat to Ahmedabad was executed via the Vande Bharat train.

12. During the celebration of the 16th Indian Organ Donation Day in Delhi, the hospital received the "Best Brain Stem Death Certifying Team" award.
12. Under the guidance of the Honourable Health Minister, Shri Praful Pansheriya, a cleanliness drive was conducted continuously for 7 days with the goal of "Cleanliness is the greatest service". All hospital buildings, wards, OTs, OPDs, as well as roads and campus areas were cleaned. Additionally, arrangements have been made to clean different areas of the campus every Saturday and Sunday.
13. Equipment, furniture, and records lying unused for the last 5 years were disposed. (condemnation).
14. To ensure patients receive prompt treatment and to reduce waiting times, the following steps were taken across both buildings:
 - o Started seven new case windows.
 - o Started four new pharmacy windows.
 - o Started two new laboratory registration windows.
 - o Seating arrangements were increased by 300 in all wards and OPDs.
 - o A token system was initiated in all OPDs, laboratories, X-rays, and sonography rooms so that patients receive fast treatment.
15. PMJAY desks were started on every floor of all buildings to speed up patient treatment procedures. In the last 3 months, a total of 2000 new cards were generated for patients and 1243 PMJAY treatment claims were processed.
16. Arrangements were made to ensure laboratory reports can be accessed from all buildings. For this purpose, all hospital buildings were connected via Optical Fiber Cable (OFC).
17. The Orthopaedic OPD, Eye OPD, wards, and OT were consolidated into a single building to eliminate difficulties for patients.
18. Systems were established in all buildings so that facilities like medicines, laboratory tests, X-rays, sonography, and CT scans are accessible within the same building.
19. Many blood donation camps were organized to increase blood units for betterment of patient care.
20. Training was conducted for security staff, operators, cleaning staff, and nursing staff to ensure better behaviour with patients and to reinforce security.
21. A system was implemented to issue one (1) yellow attendant pass and two (2) pink visitor passes for the relatives coming to meet indoor patients.

About Us

Government Medical College, Surat

And New Civil Hospital, Surat

Government Medical College, Surat and the attached New Civil Hospital, Surat were established in the year 1964 with the primary objectives of imparting medical education and for extending tertiary level care for the community of South Gujarat and surrounding regions. Government Medical College is affiliated to Veer Narmad South Gujarat University. The campus sprawling over an area of 130 acres, now houses the main buildings of Medical College, New Civil Hospital, 3-Dedicated Hospital Buildings for wards and OPD, Government Physiotherapy and Nursing Colleges, hostels for students and residential quarters for different categories of staff. At present the college admits 250 students for M.B.B.S. degree course and 230+ seats of Post-graduate degree - diploma courses are also offered in most of the subjects every year. GMC, Surat also provides many paramedical courses.

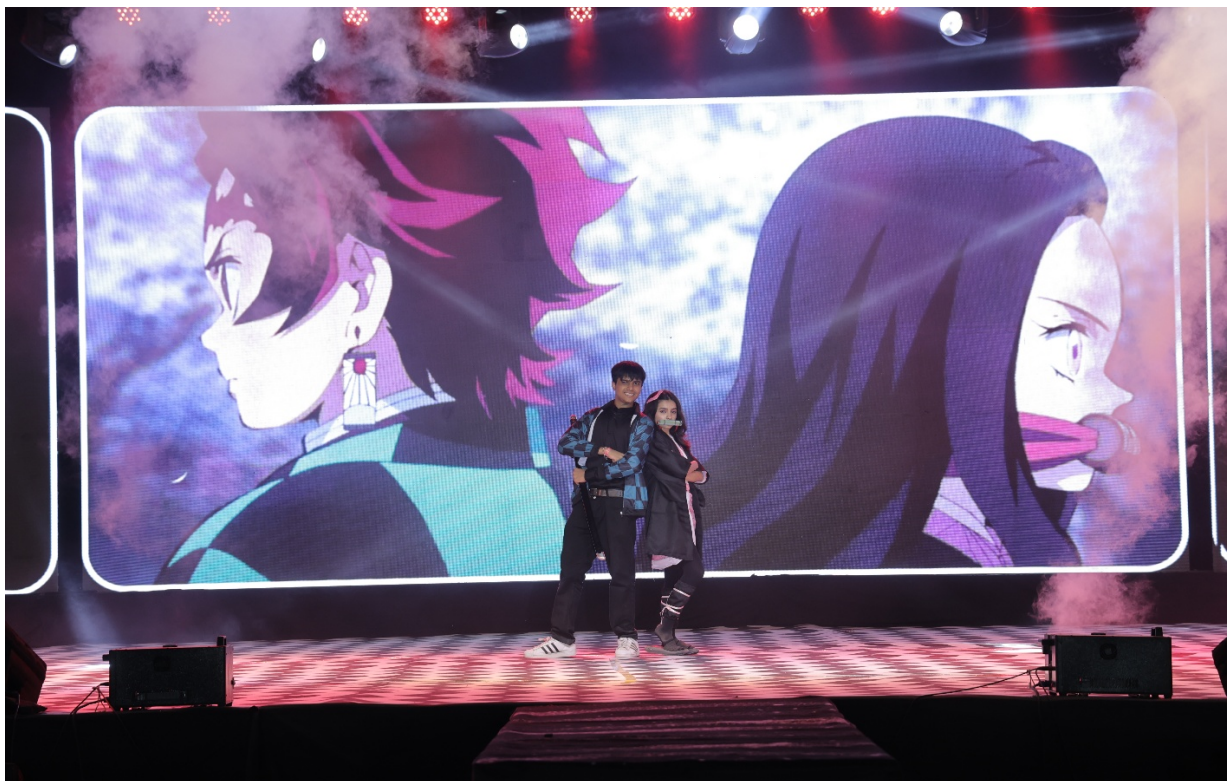

The New Civil Hospital, Surat was started with 300 beds, which gradually, over fifty years, has grown to the present size and dimensions with teaching-bed capacity of 1200 beds with other 110 beds for ICUs and Special rooms; over and above these.

It caters to the needs of nearly 4000 outdoor patients daily and on an average 150 to 200 patients are admitted as indoor patients every day. There are spacious, well ventilated and furnished general wards and special A.C. rooms. Outdoor patient department is well equipped with computerized Registration counters with token system, with separate windows for senior citizens and disabled, stretcher & wheel-chair bay, drinking water & sanitation facilities with broad-specialty and super-specialty consultation services. The Hospital has its own round the clock Ambulance services with well-equipped ultramodern Ambulance vehicles and 'ICU on Wheels'. To provide the latest Healthcare, Medical Education and Research, Hospital is equipped with most sophisticated, ultramodern and state of the art equipments, instruments & diagnostic services. MBBS

Government Medical College, SURAT offers you one of the best dream course MBBS (Bachelor of Medicine & Bachelor of Surgery) which is recognized by NMC and degree is awarded by VNSGU.

We introduce you, medical students, to the course which you have successfully chosen as a lifetime career.

Foundation Lectures will be conducted as per NMC Guidelines.

Short Overview of 1st Year MBBS Subjects

Anatomy:

Anatomy is the subject concerned with the study of the structure of Human Body. Anatomy is derived from Greek word "Anatome" means "to cut up". Anatomy includes appearance and positions of the various parts, locations & their relationship with other parts of body.

Human Anatomy is broadly studied as:

1. Gross Anatomy: Study of structure of HumanBody.
2. Histology: Microscopic structure of various issues.
3. Embryology: Study of development ofembryo.

Physiology:

Physiology term is derived from Latin word "Physiologica" which means "Natural Knowledge". Human physiology is the science that deals with the normal functioning of human body system and its regulation. Various systems including nervous system, muscular system, cardiovascular system, respiratory system, excretory system, endocrine system, gastrointestinal system & reproductive system function in a co-ordinated manner to maintain normal life. Any disturbance in normal physiology leads to disease.

Biochemistry:

Biochemistry deals with molecules of life. As life is made up of molecules, diseases are also caused by misbehaving molecules. You will study relationship between molecules and disease. You will also learn how drugs and other health strategy can streamline molecules and thereby help in removing pain and diseases. You will learn biochemistry through lectures, practical's, case studies and will have comprehensive help for study including college website and Telegram solve your queries instantaneously. The department of Biochemistry, Government Medical College, Surat is committed to quality teaching to undergraduate, post graduate medical students as well as Nursing and Physiotherapy students. The department is also doing outreach activity like teaching laboratory medicine to technical staff of PHC, CHC and district hospitals.

The department runs NABL accredited Clinical laboratory to cater needs of patients of New Civil Hospital Surat.

Community Medicine:

Over the period; medical science has evolved from the supernatural theory to a modern science. The subject Preventive & Social Medicine (PSM) is the relatively newer discipline conceptualized in the early twentieth century. Even after its conception, it has kept on growing and changed. It started as only preventive medicine which was to be applied to healthy people, customarily by actions affecting large population, with primary objective to disease prevention and health promotion. Later on a social medicine which emphasizes the strong relationships

between medicine and social science, and deals with more of study of epidemiology and medical care of society came on the surface.

Attendance Rules & Regulations for Undergraduate students

Attendance Policy

Aim

The institution believes in the principle of responsible behavior and committed learning from the students. In several academic studies a strong correlation between attendance in classes and the performance of the student has been found. Therefore, students are expected to maintain full attendance in all courses.

- Students shall be responsible for maintaining a minimum attendance of 75% in theory classes and a minimum attendance of 80% in practical or clinical sessions in all the subjects / courses in an academic year to be eligible to take University examinations. Student shall be responsible for making up any work missed during absence. No extra chance will be given for students with attendance less than eligibility to make up attendance.
- Students shall remain in the hospital / wards / OPDs / OT / Casualty as directed by the supervisory Clinical Departments for the entire period of clinical posting.
- Students shall remain in the laboratories until the supervising faculty members permit exit.
- If a student remains absent from the classes due to illness, family emergency, duty leave or any other unavoidable circumstances, student shall submit leave letter, stating the reason of absence with attached evidence where possible (treating Doctor's certificate in case of illness, attendance certificate in case of duty leave, etc.).
- The student shall get the leave application duly signed by the Dean, and hand over a copy of the leave application with Dean's remarks to Heads of each Department, whose classes were missed.
- In case of duty leave, prior sanction from the Dean and prior intimation to the departments is mandatory.

Attendance eligibility criteria for	Period of calculation of absence	Minimum percentage of attendance required	
		Theory	Practical
Internal Exams	From 1st Instruction Day to 2 days before the start of Internal Exam	75%	80%
Pre-university Exam	From 1st Instruction Day to the Last Date of Instruction (inclusive)	75%	80%

Physician OATH

AS A MEMBER OF THE MEDICAL PROFESSION:

I SOLEMNLY PLEDGE to dedicate my life to the service of humanity;
THE HEALTH AND WELL-BEING OF MY PATIENT will be my first consideration;

I WILL RESPECT the autonomy and dignity of my patient;

I WILL MAINTAIN the utmost respect for human life;

I WILL NOT PERMIT considerations of age, disease or disability, creed, ethnic origin, gender, nationality, political affiliation, race, sexual orientation, social standing, or any other factor to intervene between my duty and my patient;

I WILL RESPECT the secrets that are confided in me, even after the patient has died;

I WILL PRACTISE my profession with conscience and dignity and in accordance with good medical practice;

I WILL FOSTER the honour and noble traditions of the medical profession;

I WILL GIVE to my teachers, colleagues, and students the respect and gratitude that is their due;

I WILL SHARE my medical knowledge for the benefit of the patient and the advancement of healthcare;

I WILL ATTEND TO my own health, well-being, and abilities in order to provide care of the highest standard;

I WILL NOT USE my medical knowledge to violate human rights and civil liberties, even under threat;

I MAKE THESE PROMISES solemnly, freely, and upon my honour.

महर्षि चरक शपथ

हे द्विज! पूर्वाभिमुख होकर पवित्र अग्नि एवं विद्वानों की साक्षी में प्रतिज्ञा करो कि-

मैं अपने अध्ययनकाल में संयमी, सात्विक एवं अनुशासित जीवन व्यतीत करूँगा। गुरु के अधीन होकर पूर्ण समर्पित भाव से गुरु के कल्याण तथा प्रसन्नता हेतु पुत्रवत् आचरण करूँगा। मेरा व्यवहार सतर्कतापूर्ण, सेवापरायण तथा उद्वण्डता और ईर्ष्या से रहित होगा। मैं अपने आचरण में संतोषी, आज्ञापालक, विनम्र, निरन्तर मननशील एवं शांतियुक्त रहूँगा। गुरु के अभीष्ट लक्ष्य के प्रति सम्पूर्ण सामर्थ्य से प्रयत्नशील रहूँगा। चिकित्सक के रूप में अपनी सफलता, यश एवं अर्थप्राप्ति के लिए मैं सदैव अपनी विद्या का उपयोग प्राणिमात्र के कल्याण हेतु करता रहूँगा।

अत्याधिक व्यस्तता एवं विश्रांति की अवस्था में भी मैं दिन-रात रोगी की सेवा हेतु आत्मवत् तत्पर रहूँगा। निज स्वार्थ एवं अर्थलाभ के लिए किसी रोगी का अहित नहीं करूँगा तथा परस्त्री एवं पराये धन की कामना नहीं करूँगा। अनैतिकता मेरे विचारों में भी नहीं आयेगी।

मैं सदैव मधुर, पवित्र, उचित, आनन्दवर्धक, सत्य, हितकारी तथा विनम्र वाणी प्रयुक्त करूँगा तथा अपने पूर्व अनुभवों का उपयोग करते हुए, ज्ञान के विकास एवं नवीनतम उपलब्धि के लिए निरन्तर प्रयत्नशील रहूँगा।

किसी स्त्री की चिकित्सा उसके पति अथवा आत्मीय की उपस्थिति में ही करूँगा। रोगी के परीक्षण के समय मेरा विवेक, ध्यान एवं इन्द्रियाँ रोगनिदान हेतु ही केन्द्रित होगी।

मैं रोगी या उसके घर से संबंधित गोपनीय बातों का प्रचार नहीं करूँगा। मैं मरणासत्र रोगी की विवेचना नहीं करूँगा, क्योंकि वह रोगी या उसके आत्मीयजनों को आघातकारक हो सकती है। मैं अधिकृत विद्वान होते हुए भी अपने ज्ञान की अभिव्यक्ति अहंकार के रूप में नहीं करूँगा, क्योंकि इससे रोगी के स्वजन अपमानित अनुभव कर सकते हैं।

न त्वहं कामये राज्यं, न स्वर्गं ना पुनर्भवम्। कामये दुःखतप्तानां प्राणीनामार्तिनाशनम् ॥

अर्थ- मुझे न राज्य की, न स्वर्ग की, न मोक्ष की आकांक्षा है। मेरी आकांक्षा दुःख से तप्त प्राणीमात्र का दुःख दूर करने की है।।
